 Continuation of Substance of Interview including description of the general nature of what was discussed: The
Examiner and the Applicant's representative discussed the potential rejection of claims 13-16 with regards to a 101
rejection based on the claims claiming non-funcional descriptive material and the continued rejection of the claims as a
"product-by-process". In the interest of expediting examination the Examiner suggested that the claims be cancelled
by Examiners amendment and then the application would be ready for allowance however the Applicant's requested
that the rejection be sent out instead..
